National Association for Business Resources Names The Nation's Best and Brightest in Wellness® for 2017

December 14, 2017 – Warren, MI — The [National Association for Business Resources](#) has named the Nation's Best and Brightest in Wellness®. (See following list of winners.) This program honors companies and organizations that recognize and celebrate quality and excellence in employee and worksite health.

The 2017 winning companies were evaluated by an assessment, created and administered by SynBella, the nation's leading wellness systems firm. Company entries are examined statistically for quantitative data and examined on a point system based upon criteria to benchmark and improve wellness program effectiveness. They include outcomes, analysis and tracking, participation & incentives, benefits and programs, leadership, employee input, culture and environment.

The companies that have been selected to be recognized nationally as the Best and Brightest in Wellness® will be featured in the February 8, 2018 online edition of [Corp! Magazine](#). The winning companies will also receive additional recognition and resources as a national winner.

This year we have launched a new category for the Best and Brightest in Wellness Program: the Elite Awards for Best of the Best Provider and Best of the Best Employer. This year's elite Best of the Best Wellness Provider is Orriant, and the elite Best of the Best Employer in Wellness is Excela Health.

The Best and Brightest in Wellness, a program of the National Association for Business Resources, is presented annually. Nominations are now being accepted for 2018. Visit www.101bestandbrightest.com to nominate.

The Best and Brightest in Wellness® celebrates those companies that are making their businesses more healthy, the lives of their employees better and the community a healthier to place to live. The Best and Brightest program provides yearlong education, benchmarking, assessment tools and interaction amongst the best employers.
